RESUME

I am a web developer with **4+ years of experience** in building optimized systems (**VueJS and Angular**). Throughout my career, I have worked with both **national and international** companies, from development, testing, to deployment.

EXPERIENCE

Bravuserp Sistemas LTDA

IT Support Technician

Feb 2022 - Aug 2023 | Brazil

- I worked as the lead **User Support Technician** for the company's **ERP & POS** system, assisting users from the installation process, answering questions about functionalities, to troubleshooting system bugs.
- I collaborated with the team as a **Test Analyst**, conducting rigorous tests on each page of the software and reporting bugs and grammar errors when necessary, to ensure it was fully ready for **deployment**.
- Responsible for developing the company's commercial **landing page in Angular**, focusing on customer appeal.

株式会社DJIN Tech Solutions

Software Developer

Aug 2023 - Apr 2024 | Internacional

- Development of **intuitive and high-performance interfaces** using **Vue, Vuetify, TypeScript, and NuxtJS**.
- Collaboration in **backend development with Node & Supabase**.
- I used the **Web Workers API** to optimize the rendering of the system's spreadsheets, utilizing **HTML Canvas**.

Beeasy Digital

Front-End Developer

Jun 2024 - Sep 2024 | Brazil

- Responsible for **developing interfaces** in the customer dashboard.
- I planned the **project refactor**, migrating from **VueJS** version 2.6.14 to 3.5.1.
- I implemented **Vue Toast Notification** for cleaner and more visually appealing notifications, enhancing the **user experience**.

EDUCATION

Internet Systems

Instituto Federal Catarinense

Expected graduation in the second half of 2025.

Systems Analysis and Development

Estácio

Expected graduation in the second half of 2026.
